DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of Species I [claims 1-2, 7-8, 13, 16, and 27-28] in the reply filed on Jan. 31, 2005 is acknowledged.

2. Claims 3-6, 9-12, 14-15, and 17-26 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected species, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on Jan. 31, 2005.

3. Claims 1-2, 7-8, 13, 16, and 27-28 are generic and allowable. Accordingly, the restriction requirement as to the encompassed species is hereby withdrawn and claims 19-22, directed to the species of Fig. 1 are no longer withdrawn from consideration since all of the claims to this species depend from or otherwise include each of the limitations of an allowed generic claims. However, claims 3-6, 9-12, 14-15, 17-18 and 23-26, directed to the species of Figs. 4, 8, 13 and 17 will remain withdrawn from consideration since no claims are depend upon or otherwise include all the limitations of an allowed generic claim as required by 37 CFR 1.141.

In view of the above noted withdrawal of the restriction requirement as to the linked species, applicant(s) are advised that if any claim(s) depending from or including all the limitations of the allowable generic linking claim(s) be presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 44 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

EXAMINER'S AMENDMENT

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Art Unit: 2829

Authorization for this examiner's amendment was given in a telephone interview with applicant's representative, Mr. James Ledbetter on March 2, 2005.

The application has been amended as follows:

Canceling claims 3-6, 9-12, 14-15, 17-18, and 23-26 because the claims are part of the non-elected species.

5. The following is an examiner's statement of reasons for allowance: Regarding claims 1, 2, 7, 8, 13, 16, 27-28, the primary reason for the allowance of the claims is due to the specific structure limitation of the claims that includes two test pattern generation sections, which both sections are operating by clock signals, outputting test data to a test data selection section wherein the test data section selectively output the test data from one of the test pattern sections based on the signal value from the clocks and outputting the selected test data into a memory, which is also operating on a clock signal. Since claim 19 depends from claim 1, claim 20 depends from claim 2, claim 21 depends from claim 7 and claim 22 depends from claim 8, they also have allowable subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
